

# To Crown or Not to Crown: When & How

1 Hour CDE Credit

Clinical Excellence Series 2023: Presented by Zufall Health and Delta Dental

## MEET THE SPEAKER

Gordon J. Christensen, DDS, MSD, PhD, is Founder and Chief Executive Officer of Practical Clinical Courses (PCC), Chief Executive Officer of Clinicians Report Foundation (CR), and a Practicing Prosthodontist in Provo, Utah. He and his wife Rella Christensen, RDH, PhD, are co-founders of the non-profit Clinicians Report Foundaton (previously named CRA). Since 1976, they have conducted research in all areas of dentistry and published the findings to the profession in the well-known CRA Newsletter now called Clinicians Report. Christensen's degrees include: DDS, University of Southern California; MSD, University of Washington; PhD, University of Denver; and two honorary doctorates. Early in his career, Christensen helped initiate the University of Kentucky and University of Colorado dental schools and taught at the University of Washington. Currently, he is an Adjunct Professor at the University of Utah, School of Dentistry. He has no financial relationships to disclose.

Wednesday, February 15, 2023

Zufall Health is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Zufall Health designates this activity for <1> continuing education credits.

**ADA CERP**® | Continuing Education  
Recognition Program

## OVERVIEW

This presentation discusses the criteria on when to do a crown or a fixed prostheses and the related steps to accomplish this important clinical procedure. Many best products and techniques are identified. The following subtopics are: When to Do Crowns Instead of Other Less Aggressive Procedures; Saving Questionable Teeth; Pulp Capping; Building-up Teeth; Posts and Cores; Comparison of Crown Types; and Cements and Cementing.

## OBJECTIVES

At the conclusion of this program, participants will be able to:

1. List the criteria for doing crowns and fixed prostheses.
2. Identify and discuss the best materials and techniques for crowns and fixed prostheses.
3. Implement the concepts in this presentation into their practice.
