

Pretty Teeth: Esthetics in Pediatric Dentistry

1 Hour CDE Credit

Clinical Excellence Series 2024: Presented by Zufall Health and Delta Dental

MEET THE SPEAKER

Suffiyah Webb, DDS, MPH, is a board-certified private practice pediatric dentist. Webb is on staff at Newark Beth Israel Medical Center, where she teaches and completes full-mouth rehabilitation under general anesthesia. She works directly with the hemophiliac and cardiac departments to coordinate dental care and clearances. A graduate of Montclair State University, she earned a master's degree in public health from University of Medicine and Dentistry of New Jersey and received her doctorate of dental surgery and pediatric specialty training at Howard University. Webb was also appointed to the New Jersey Public Health Council by Governor Murphy and founded a school-based prevention program currently serving 21 locations.

Wednesday, April 17, 2024

Zufall Health is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Zufall Health designates this activity for <1> continuing education credits.

ADA CERP® | Continuing Education Recognition Program

OVERVIEW

Pediatric esthetics is the field of dentistry focused on providing aesthetic (cosmetic) dental treatments specifically tailored to children and adolescents. This comprehensive course reviews both traditional restorative techniques and cutting-edge materials in pediatric esthetic dentistry. Attendees will learn about patient case selection for these procedures.

OBJECTIVES

At the conclusion of this program, participants will be able to:

1. Offer alternatives to stainless steel crowns
2. Select an eligible patient for a cosmetic procedure
3. Predict the success of a cosmetic treatment modality for a specific patient
